FACIAL AFTERCARE GUIDE

✓ DO'S (What to Follow)

- Keep face **clean & hydrated**
 - Use **gentle face wash** (as recommended)
 - Apply **moisturizer regularly**
 - Use **sunscreen (SPF 30–50)** daily
 - Drink plenty of **water**
 - Follow **salon-recommended products only**
 - Use **clean pillowcase & towel**
 - Let skin **heal naturally**
 - Use **soothing gel/cream** if advised
 - Do **light skincare only** for few days
 - Pat dry gently (no rubbing)
 - Keep hands **away from face**
 - Maintain **regular facial schedule (3–4 weeks)**
-

✗ DON'TS (Avoid These)

- Don't touch, rub, or pick your skin
- Don't use **harsh scrubs/exfoliators**

- Don't apply **active ingredients** (retinol, AHA, BHA, vitamin C) immediately
 - Don't go in **direct sunlight without sunscreen**
 - Don't use **heavy makeup** for 24–48 hrs
 - Don't do **threading/waxing immediately**
 - Don't take **hot steam/sauna**
 - Don't use **new/random products**
 - Don't over-wash face
 - Don't apply home remedies without advice
-

FIRST 24–48 HOURS CARE (VERY IMPORTANT)

- Avoid makeup completely
 - No gym, sweating, or heavy workouts
 - Avoid sun exposure
 - No hot water on face
 - No facial massage at home
 - No touching/picking pimples
-

SUN PROTECTION RULES

- Apply sunscreen every **3–4 hours**
 - Use **cap/scarf** outdoors
 - Avoid peak sun (12–4 PM)
 - Sun exposure can cause **pigmentation & irritation**
-

MAKEUP RULES

- Avoid makeup for **24–48 hours**
 - Use **clean brushes/sponges**
 - Choose **non-comedogenic products**
 - Remove makeup gently
-

SKINCARE RULES

- Stick to **basic routine (cleanser + moisturizer + sunscreen)**
 - Avoid actives for **2–3 days**
 - Resume normal routine slowly
 - Always patch test new products
-
